

25

IMPACT REPORT

'24 - '25

The arch that Trinity students walk through each day is a gateway to the core values that have sustained Trinity for a quarter century: creating scholars, nurturing spirituality, and embracing diversity.

That portal exists because of your philanthropy through the Trinity Fund. Even before the doors opened 25 years ago, the belief in what Trinity could mean to the community led many to invest in this school. That belief has been sustained over many decades, especially in our 25th school year as we **exceeded our Trinity Fund goal and saw an increase in parent participation.**

This report highlights how your gift to the Trinity Fund continued the philanthropic spirit sparked by our founders.

WHAT IS THE TRINITY FUND?

The Trinity Fund is the school's top fundraising priority each year. It bridges the gap between tuition and the cost of fulfilling our call to help shape students who think deeply, welcome broadly, and live nobly.

Your gift to the Trinity Fund:

- Provided approximately \$2 million in financial support to families
- Funded more than 2,000 hours of professional development for staculty
- Enabled staculty to pursue advanced degrees
- Covered 5% of Trinity's operating budget

WHO SUPPORTS THE TRINITY FUND?

Participation by constituent:

Every gift - no matter the amount - was meaningful to Trinity and its people.

\$584,522

Dollars Raised

FINANCIAL SUPPORT

"The Trinity Fund fulfills Trinity's mission to create an academic and spiritual community reflective of our diverse city. We are recipients of the Trinity Fund's generosity - and we are donors. It's a significant way we can give back to a community that has been such a blessing to our family."

- *Trinity parent*

“

Your gift to the Trinity Fund helped provide

\$2.1 million

to 121 students
27% of our community

Financial Support means more than tuition. It also helps families with school supplies, uniforms, counseling, tutoring, and other support to allow students to succeed.

PROFESSIONAL DEVELOPMENT

Since Trinity's founding, faculty and staff have modeled a spirit of scholarship and creative instruction. They show their commitment to life-long learning through professional development opportunities made possible by the Trinity Fund.

In addition to the **more than 2,000 hours of professional development** the faculty participate in each year, your gift to the Trinity Fund enabled **7 faculty members to pursue advanced degrees**, and **2 faculty members received a Light the Fire grant** to seek out unique learning experiences.

“

"There is so much to stay on top of in curriculum and technology. Being able to attend the ISTE/ASCD conference was truly transformative for me. I am still processing the wealth of information I collected. It has already begun to shape both my instructional coaching and my classroom practices. I am incredibly grateful for the Trinity Fund for making this possible. This conference was so impactful and I hope to keep going to continue bringing new and innovative ideas back to my students."

- *Leigh Fresina*

Middle School Academic Dean, ELA Teacher

The Trinity spirit continues to be vibrant because of your generosity, keeping strong the mission that has shaped generations of students and staculty members. Trinity stands on the shoulders of its founders and of those who invested in its people, leaving a lasting legacy that inspires us.

THANK YOU
